## $La \ presente \ versione \ del \ documento \ sostituisce \ le \ versioni \ precedenti/\ The \ current \ version \ substitute \ the \ previous \ one$

- (\*) Se il Codice CED (colonna 2) è diverso dal Codice CED (colonna 6), allora il Codice BIC presente in colonna 1 corrisponde nell'istruzione al dato T2S Party 2.
- ATTENZIONE: se il Codice CED (colonna 2) è uguale al Codice CED (colonna 6),NON utilizzare il valore di colonna 1 come Party 2. il campo Party 2 BIC può essere lasciato in bianco oppure valorizzato con un BIC diverso da quello indicato nella colonna 1.

  Viceversa per un allegement proveniente da T2S se il dato T2S Party 2 è valorizzato ed è riconducibile ad un BIC presente in colonna 1 allora l'operazione è posta in capo al Negoziatore individuato, in tutti gli altri casi è posta in capo al soggetto liquidatore individuato da colonna 6
- (\*) If CED Code (Column 2) differs form CED Code (Column 6), BIC Code in column 1 in the settlement instruction corresponds to T2S Party 2; if it is the same T2S Party 2 is not specified.
- ATTENTION: if CED Code (Column 2) is equal to CED Code (Column 6), DO NOT use BIC code in column 1 as Party 2. T2S Party 2 can be blank or valued with a BIC code different from the one specified in column 1

When the allegment comes from T2S, if the T2S Party 2 is valued and corresponds to one of the BIC codes in column 1, the settlement instruction is associated to the trading member identified by the BIC code; otherwise it is associated to the settlement agent present in column 6
